ACCESSIBILITY TESTING PROJECTS

Section 508 Conformance Audit — CT DMV Website Homepage 2026

Independent portfolio audit conducted using DHS Trusted Tester v5 methodology

- Performed manual accessibility testing of DMV homepage against Section 508 requirements using DHS Trusted Tester v5 methodology.
- Evaluated accessibility using **ANDI**, **Colour Contrast Analyser (CCA)**, and **Firefox DevTools**.
- Documented findings using the **Section 508 Conformance Reporting Tool (SCRT) report** and produced an **Accessibility Conformance Report (ACR)** as portfolio deliverables.
- Documented accessibility issues with supporting screenshots, applicable standards, and pass/fail results.

PROFESSIONAL EXPERIENCE

Freelance Game Artist & Animator — Multiple Studios Remote US & Spain | 2024–Present

Wicked Fox Games, ThrillTech, Scopely, Chatterbox: Language Learning

- Coordinated multiple client projects simultaneously, balancing competing deadlines, deliverables, and project requirements.
- Tracked project deliverables using Jira and Trello while maintaining organized project files.
- Communicated directly with clients to clarify project requirements, discuss feedback, and ensure deliverables met expectations.

Senior Animator — Lingokids (EdTech) Remote/Spain | 2020–2024

- Authored the game team's animation guide, translating studio animation standards into game-specific workflows and technical processes.
- Collaborated with producers, engineers, educational designers, level designers, and artists to identify development issues, communicate solutions, and keep projects aligned with milestones.
- Maintained project documentation and tracked project progress throughout development to keep work organized and visible for teams.
- Provided guidance to teammates on animation workflows and approaches for resolving technical animation challenges.

Game Artist & Animator — Various Studios US & Spain | 2010–2020

EA (via Grim Panda), Scopely, Gig Games, East Side Games, Katsu Entertainment

- Delivered multiple shipped titles to written platform, engine, and style specifications across mobile, console, and PC.
- Followed documented protocols, NDA requirements, and structured review cycles while consistently delivering on deadline.
- Collaborated with multidisciplinary teams across independent studios and larger organizations throughout all phases of development.

EDUCATION

- **Deque University** — Remote, 2025
- **BFA, School of Computer Arts** — School of Visual Arts (SVA), New York, NY
